

HEAT SEAL INNOVATION ENERGY SMART OVERWRAPPER

FEATURES

Newly Engineered Seals: Durable, Hygienic, and Compliant

Ensure a hygienic, efficient seal with a durable, replaceable non-stick cover and redesigned seal plate that offers long-lasting protection, enhanced moisture resistance, and easy daily cleaning compliance.

Energy-Efficient Technology for Cost Savings

Save on power costs and potentially earn utility rebates with our advanced microprocessor technology, reducing energy consumption by 80%.

Effortless Film Cutting with Square-Edged Hot Rod

Cut through film with ease and precision thanks to the snag-free, square-edged Hot Rod design.

Precision Heating with Advanced Photo Eye Technology

Achieve flawless sealing every time with Photo Eye Technology that automatically detects tray colors for precise heating cycles.

Consistent High-Heat Sealing for Superior Package Integrity

Delivers a steady 380°F sealing temperature to ensure clear tamper evidence and reliable performance across a wide variety of packaging types.

Smart Diagnostics, Hassle-Free Maintenance & Lasting Performance

Stay in control with real-time heating updates from the intuitive multi-LED system, while built-in diagnostics, quick-reset breakers, and plug connectors simplify service, no outside maintenance needed. A durable, long-lasting heat zone ensures reliable performance with no need for frequent replacements.

MODEL SPECS

MODEL	300ES
FILM MOUNT	Cradle System
FILM CAPACITY	20" Maximum Roll Width
SEAL PLATE	6" x 15" or 8" x 15" Options
OVERALL DIMENSIONS	22.5" D, 25.25" W, 36.75" H (57.15 D, 64.13 W, 93.34 H cm)
ELECTRICAL SPECIFICATIONS	 120 Volt, 60Hz, 162 Watts
WEIGHT	50 lbs. (22.6kg)
OTHER FEATURES	No Assembly Required, Quick Film Changeover
SEAL PLATE TEMP OPTIONS	350°F, 375°F, 400°F, 425°F
